

Trippy

Initial Project Pitch

Yixin Li, Yihua Li, Michael Wee, Faith Keza

6.170 Software Studio, Nov 6, 2013

Problem

Hard to form and organize trip groups among friends

Need to coordinate:

- Availability
- places to go, things to do
- money range(budget)

Key features and concepts

Concepts:

trip, organizer, activity, cabal

Features:

- Invite friends to join a trip with you
- See common free time and acceptable budget range
- Vote on places of interest and things to do

Risks

Design risks:

- Users don't have a facebook account
- Don't trust each other - only invite friends

Implementation risk:

- Automatic common free time & acceptable money range calculation and display
- Use facebook API for sign in and invitations
